

# Math 142, Section 05: Calculus I

## Fall 2009 Syllabus

### 1 Course Information

- Location and Time: MW 12-12:50pm, TTh 12:30-1:50pm, 402 Lee Drain Building
- Professor: Dr. Martin Malandro
- Department: Mathematics and Statistics
- Office: 409 Lee Drain Building
- E-mail: malandro@shsu.edu
- Phone number: (936) 294-1580
- Office Hours: MW 1-2pm, 4:30-5pm, Tu 3:30-5pm, and by appointment
- Required Materials:
  - Textbook: Thomas's Calculus - Early Transcendentals, Eleventh Edition
  - Calculator: TI-83 or better recommended. Calculators with computer algebra systems will not be allowed on exams. If you have questions about the legality of your calculator, please see me.

**Course Description:** Topics include limits and continuity, the derivative, techniques for differentiation of algebraic, logarithmic, exponential and trigonometric functions, applications of the derivative and anti-differentiation, definite integral, Fundamental Theorem of Calculus. Prerequisite: C or better in MTH 163 or high school equivalent. Credit 4.

**Course Objectives/Learning Outcomes:** A successful student will attain mastery of the following topics. Other topics will also be covered.

- Limits
- Continuity
- Rates of change
- The definition of the derivative
- Methods of differentiation
- Optimization problems
- Anti-differentiation
- Area problems

### 2 Grading Policy

Your grade in the course will be based on the weights in the following table:

Homework	20%
Exam 1	20%
Exam 2	20%
Exam 3	20%
Final Exam	20%

Grading Scale:

A	90% or more points earned
B	80-89% of points earned
C	70-79% of points earned
D	60-69% of points earned
F	Fewer than 60% of points earned

**Homework:** I will assign homework on a regular basis. After you've had some time to do your homework, we will have "problem sessions" in class. Here is how they will go. I will choose problems from the homework and call on students randomly to put solutions to those problems on the board. A proper solution is an unbroken chain of logic leading to the answer, not just the answer itself. Show us how you got there! Your homework score will be determined entirely by your participation when I call on you in these sessions. Obviously, you can only participate in and learn from these sessions if you are present. Attendance is important! I will grade all presentations on a 4-point scale.

Problem sessions will not always be announced ahead of time, so bring your completed homework with you to class every day. You may find it helpful to bring your book as well. Unless I say otherwise, when I assign homework I will expect you to have it completed and ready to present after two evenings have passed. For example, if I assign homework on Monday, it's fair game for me to call on you any time starting Wednesday.

**Homework make-up policy:** No make-ups for missed homework presentations will be available. Therefore, in calculating your homework average, I will drop your (1) lowest homework score.

**Exams:** Many exam problems will be similar to homework problems or examples worked in class. The final exam will be cumulative, but will focus on material covered after Exam 3. All exams will be closed-book and closed-notes.

**Exam make-up policy:** If you miss an exam, you will be expected to show appropriate cause in writing. If you must miss an exam, I expect you to contact me beforehand if at all possible. If that's not possible, then you must contact me no later than 24 hours after the exam. If you miss an exam and have not contacted me by this time, you forfeit your right to a make-up.

**Academic Honesty Policy:** You may work together on homework assignments and you may consult whatever sources you deem necessary while doing so. The purpose of the homework is to LEARN—specifically, to better your understanding of the underlying concepts and to gain proficiency in using them to solve problems.

Exams, on the other hand, exist for you to DEMONSTRATE what you have learned. They are individual endeavors, where no help is to be given or received. Cheating on an exam includes, but is not limited to, sharing answers or using any form of cheat sheet (note: notes programmed into a calculator count as a cheat sheet). If I catch you cheating on an exam, I will forbid you from attending any further class meetings and assign you a grade of F in the course.

**Extra Credit Policy:** There may be occasional opportunities for extra credit over the course of the semester. All extra credit opportunities will be announced in class. Under no circumstances will individual extra credit opportunities be available.

**Grade Dispute Policy:** All grade issues need to be brought to my attention within one week of having your grade returned/posted.

**Final Exam Schedule:** Monday December 14, 2pm-4pm

### 3 Classroom Policies

**Attendance Policy:** I expect you to attend every class. If you miss a class, then I expect you to get notes from a classmate. I expect you to arrive to class on time.

**Classroom Rules of Conduct:** Students must refrain from behavior in class that disrupts the learning process. Students are prohibited from using tobacco products in class, making offensive remarks, reading newspapers, sleeping, talking at inappropriate times or about inappropriate things, wearing inappropriate clothing, using cellphones, or engaging in any other form of distraction. Inappropriate behavior in the classroom shall result in a directive to leave class. Students who are especially disruptive also may be reported to the Dean of Students for disciplinary action in accordance with university policy.

Math-related questions and math-related discussion in the classroom are encouraged. However, chatter is disruptive to the learning process and will not be tolerated under any circumstances. Furthermore, any variation of the question “do we need to know this for the test?” is banned.

## 4 Tentative Schedule

Chapter 1 (brief review) and Chapter 2	Aug 24-Sep 21
Exam 1	Sep 22
Chapter 3	Sep 23-Oct 19
Exam 2	Oct 20
Chapter 4	Oct 21-Nov 16
Exam 3	Nov 17
Chapter 5	Nov 18-Dec 10
Final Exam	Monday December 14, 2pm-4pm

The date/time of the final exam is set by official SHSU policy. All other dates in this list are tentative and subject to change.

## 5 Additional Information

All information on this syllabus is subject to change. All changes will be announced in class. Further university policies regarding academic dishonesty, student absences on religious holy days, disabilities, and visitors in the classroom which apply to this course may be found at <http://www.shsu.edu/syllabus/>. If there is a conflict between information on this syllabus and official university policy, university policy takes precedence.
