

Academic College: College of Science and Engineering TechnologyAcademic Program: Master of Science in Computing and Information Science

Graduate students may not change from one major to another without going through the graduate admission process. Only permissible changes are the following:

- Adding or Deleting a Concentration
- Change of Catalog Term

Advisor Responsibility: The academic advisor must demonstrate evidence of advisement to the path of completion for all students pursuing degree programs with embedded certificates. The Degree Works Notes is an option by which the academic advisor may store any academic advising notes.

Complete the following in order to make acceptable changes to graduate student curriculum.

**Student Information:**
